Sire: _____

Dam: _____

DOB: _____

Puppy name: _____

Male or Female: _____

Color: _____

Generation: _____

Microchip Number: _____

Price paid: _____

Date of sale/transfer: _____

Labradoodle's puppies are exceptionally healthy, and we guarantee that at the time of delivery, the puppy is healthy and does not have any known pre-existing health problems; and that they have received appropriate vaccinations and working treatments. Mistreatment of a puppy can cause it to become ill very quickly, therefore, this guarantee is limited to three days from the time of transfer.

If there is a pre-existing illness confirmed by a licensed veterinarian within three days of the time the buyer takes possession of the puppy, Labradoodle will reimburse up to \$200 in related vet costs. Receipts and documentation of the illness from the veterinarian must be provided to Labradoodle before reimbursement can be paid.

Puppies do not have fully developed immune systems, and do not receive all their shots before 12-16 weeks of age, so please be extra careful to prevent exposing your puppy to K9 diseases when it is young.

At Labradoodle, we are very confident about the genetic health of our puppies. We offer a money back guarantee that your puppy will be free of hereditary defects which impact clinically on it's quality of life by the age of two years. Any suspected genetic defect must be confirmed by a licensed veterinarian of Labradoodle's choosing at the expense of the buyer. If the defect is confirmed, the cost of this examination will be reimbursed, up to \$500. This guarantee is non-transferable and does not apply if the dog is re-homed or transferred to an owner other than the buyer.

All veterinarians must follow the following procedures during the initial examination when rendering an opinion regarding hereditary defects in the dog:

- Identification: All Labradoodle puppies are implanted with an Avid micro chip. This chip must be scanned and the resulting ID number must be recorded and included in all reports.
- Notification: The buyer must supply Labradoodle with copies of all relevant veterinary reports indicating any possible hereditary defects within seven days of the first communication with Labradoodle regarding the defect. These copies become the property of Labradoodle and will not be returned.

Labradoodle will review the veterinary reports and advise if a second opinion is required. If it is, Labradoodle will nominate a second veterinarian to whom the dog should be taken for further examination. Labradoodle reserves the right to forward all veterinary reports, x-rays, or other test results to any veterinarian or other party of Labradoodle's choosing. Additional veterinary costs related to a second opinion at the request of Labradoodle will be paid by Labradoodle.

If a genetic defect that has significant clinical effect on the dog's quality of life is not confirmed by Labradoodle's veterinarian, all veterinary costs that have incurred will be paid by the buyer.

If a genetic defect that has a significant clinical effect on the dog's quality of life is confirmed and there is no evidence of poor health due to abuse or neglect, Labradoodle offers, at the discretion of the buyer, either:

- Buyer returns the dog to Labradoodle for a full refund of the purchase price less any reimbursed veterinary costs. Buyer is responsible for all associated shipping costs. The dog then becomes property of Labradoodle.
- Buyer keeps the dog and Labradoodle refunds 50% of the purchase price, or up to \$1000 whichever is less, less any reimbursed veterinary costs. No refund or reimbursement will be given until a written statement from a certified veterinarian confirming that the dog has been spayed or neutered has been received by Labradoodle.

A puppy could become extremely ill if transitioned to quickly to a different food. If you will be changing the puppy's food, please wean them from the food that will be given with him/her (slowly decreasing the amount in the mix as you increase the amount of the food you have decided to use). Puppy must come to us in good health without any signs of abuse or neglect to be eligible for refund.

The breeding of our dogs WITHOUT breeding rights is not an option. By purchasing a Labradoodle puppy, you are here by agreeing to spay neuter your puppy within 6 months and NOT to breed your Labradoodle. Our bloodline of labradoodles is of great importance to us and we selectively breed for health, temperament and conformation; we therefore require additional testing, and breeding control over our line. We will pursue any legal action available if you decided not to honour the agreement detailed below.

This puppy is sold under a Spay/Neuter contract. The buyer agrees to spay or neuter the puppy by 6 months of age. The buyer has 7 months from the date of birth to provide Labradoodle with written verification that spaying or neutering has been performed. This documentation must be from a certified veterinarian. If after seven months, if this documentation has not been received by Labradoodle, the health guarantee and CKC registration are both voided. Additionally, Labradoodle reserves the right to take legal action to enforce the spay/neuter contract. If legal action is taken, buyer agrees to pay all legal fees encountered by Labradoodle incurred as a result of enforcement of the spay/neuter contract, and also agrees to pay a \$1000 fine for breach of contract. Further, buyer agrees to pay Labradoodle \$2000 per puppy, should any puppies be born as a result of failure to spay or neuter.

Buyer agrees that if at any time the buyer no longer wishes to keep the dog, the buyer will give Labradoodleo every opportunity to help in re-homing the dog. The dog must not be destroyed, or relinquished to a pound or shelter in lieu of re-homing.

Acceptable payment methods are cash, PayPal (If PayPal is used please add 3% to total PayPal payments), cashier's checks, or cash if you are picking up the puppy in person. Personal checks are acceptable, but must clear before taking possession of a puppy. Please make payments to Sandra Brannock.

Any breach of this contract by the buyer may result in repossession of the puppy/dog by Labradoodleo, and all paperwork supplied to the buyer at the time of sale. Breach of this contract by the buyer may result in legal action taken by Labradoodleo. Buyer agrees to pay for all expenses incurred by Labradoodleo resulting from a breach of this contract by the buyer, including but not limited to costs involved in reclaiming/repossessioning the puppy/dog, legal fees, mileage. No refunds will be issued if any breach in contract results in a repossession of this puppy/dog. No refunds are granted for voluntary owner returns.

The warranty set forth in this contract is the sole warranty and is given in lieu of any and all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. The buyer's sole remedy is under the warranty provision of this contract, and the seller disclaims and will not be liable for any other damages including consequential damages, property damage, emotional distress, loss of use, business interruption or veterinary fees unless specifically set forth in this warranty provision.

By signing this contract, the buyer is indicating in a legally binding manner that they have read, understand, and agree to all conditions and terms contained within this contract.
